Position overview

Our Transaction Management Practice is looking for an experienced Murex Technical Lead to manage an integration effort for end to end derivatives processing at a large Investment Bank client.

- The Technical Lead will be responsible for developing the integration architecture and leading the project development team in the development of those components and integration of Murex to achieve end to end automation of the trade cycle.
- The Technical Lead is expected to guide the development team through development planning, testing, code release and source control.
- He or she will be expected to lend specific subject matter knowledge to the requirements for derivatives trading and specific requirements in the integration of Murex in various trading environments.

Essential experience and knowledge

Hands on experience working with Murex 3.1

- Experience working on Murex implementations and ability to have an end-to-end view of the technical solution
- Understanding of technical components related to Murex deployment
- Ability to engage with Vendor and technical teams to share best practices around implementation
- Experience with Murex Technical Architecture, Datamarts, Reporting, MDCS, End of Day
- Experience with operating system administration (UNIX, Linux) and the development of interfaces between systems
- Knowledge of fixed income and derivatives (interest rate, credit, equities, commodities)
- Experience defining business and technical requirements

Additional competencies

- Excellent communication skills and able to communicate complex ideas to all areas of the business
- Innovative approach to solving complex issues and problems
- Ability to develop high quality project deliverables
- Team player with management skills and the ability or potential to lead others

- Work in cross-border/cross-disciplined teams at client site
- Take ownership and responsibility

Qualifications:

- Bachelors degree or equivalent in relevant experience

In return, you will have the opportunity to be part of an exciting and dynamic growth story within a successful, ever expanding business. As an Investance consultant, you will work in a collaborative environment, surrounded by a team of industry experts which will provide the ideal platform for career development and growth. You will be part of a global organization which embraces entrepreneurial spirit. In addition there will be opportunities to work in our other locations and practices.

If you are seeking a rewarding career that will enable you to reach your full potential and would like to join our team please send your CV and a brief cover letter to skuratko@investance.com
